Small Business Initiative

What is the Small Business Initiative?

The small business initiative was established to ensure that small businesses, including businesses owned by veterans, native Hawaiians, and women, are able to effectively participate in contracting opportunities with State of Hawaii government agencies. Qualified businesses are required to self-register in order to be searchable by government agencies.

How to Register

1. Verify that your business meets the [size standards for a small business](#) established by the Small Business Administration.

Hawaii Compliance Express - Certificate of Compliance

Welcome to Hawaii Compliance Express

HCE saves you time and hassle by providing an online "Certificate of Compliance" for your business

Compliance status updates may be delayed due to COVID-19 safety issues. We appreciate your patience and apologize for any inconvenience this may cause.

What is Hawaii Compliance Express?

Hawaii Compliance Express (HCE) is an electronic system that provides vendors, contractors and service providers doing business with state or county agencies to quickly and easily document that they are compliant with applicable laws. HCE expedites your ability to furnish proof of compliance with the requirements of [103D-310\(c\), HRS](#).

This single certificate eliminates the need to obtain individual copies of clearances with the following agencies:

- Internal Revenue Service (IRS) - Form 8821
- Department of Labor & Industrial Relations (DLIR) - Form LIR27
- Department of Commerce and Consumer Affairs (DCCA) - Form COGS
- Department of Taxation (DOTAX) - Form A-6

Under Hawaii law, you must provide proof of compliance in order to receive a contract worth \$2,500 or more with state and county government entities in Hawaii.

“What do I need to register in HCE”

If you are a vendor, you will need:

- Taxpayer Identification Number (FEIN or SSN)
- Hawaii Tax ID # *if applicable*
- Unemployment Insurance ID (UI ID #) *if applicable*
- Valid credit card for the \$12 annual fee

“What is included with my HCE Registration”

What's included with my HCE registration?

- ✓ Registered HCE vendors receive a full year of service
- ✓ Automatic submission of information to pertinent government certifying agencies
- ✓ Automatic e-mail notification of status changes
- ✓ Unlimited access by state and county government entities to print the certificate for their use

PRICE & VENDOR LIST CONTRACTS

The SPO procures and manages price list and vendor list contracts on behalf of Executive branch agencies, and any of the other twenty chief procurement officer (CPO) jurisdictions, including the Judiciary and the Legislative branches and the counties that commit to participate in the contracts issued by the SPO.

Participating jurisdictions and agencies benefit by obtaining price discounts and other leveraged concessions through volume purchases. In addition there are the efficiency savings – the administrative, procurement and contract management realized by each agency or jurisdiction, rather than having to solicit individual contracts, resulting in multiple contracts for the same commodity or service. Instead these processes are managed by the SPO, and all participating jurisdictions and agencies are the beneficiaries of cooperative purchasing.

NOTE: ALL SPO PRICE & VENDOR LIST CONTRACTS ARE FOR AUTHORIZED BUSINESS USE ONLY

1. First check Hawaii Compliance Express (HCE) at
<https://vendors.ehawaii.gov/hce/splash/welcome.html>
Per the Governor's Declaration, only COVID-related procurements are exempt from the Procurement Code. However! We have confirmation that the IRS Local office has closed and that the two positions inside of IRS that cover HCE compliance are not working this area indefinitely. There are four possible scenarios:

- If Vendor is compliant, print HCE compliance document for the procurement package. Best practice includes checks from Step 2 – SPO recommends considering these resources also for the procurement package.
- If Vendor is non-compliant, where the HCE certificate shows IRS as "Not Compliant" but still compliant with DCCA, DLIR and DOTAX, still print to notate and go to Step 2.
- If the situation is more than noncompliance with IRS, and this is a non-COVID related procurement, then inform the vendor that they need to be compliant with DCCA, DLIR, and DOTAX as these State Departments are open and able to work with vendors.
- If Vendor is a foreign company with no HCE standing, they must still register and request waivers from each department in order to achieve a "compliant" HCE certificate per our Statute requirements. However, the real review required will be conducted using Step 2.

2. Consider the following sites to determine vendor responsibility. Print screen shots to show results and include in procurement package.

2. Register in [HlePRO](#) – the State of Hawaii eProcurement System
3. Check the [bidding opportunities](#) regularly. This includes notices of solicitations not conducted in HlePRO.
4. When responding to a solicitation, vendors should:
 1. Read the requirements, specifications, instructions and special and general conditions or provisions carefully.
 2. Respond in accordance with the instructions.
 3. If something is not clear, it is the vendor's responsibility to ask questions of the personnel conducting the solicitation.

To prepare for upcoming procurements, vendors should also check the [awards](#) website and the [price and vendor list contracts](#).

Q What is HlePRO?

A HlePRO is the State of Hawaii eProcurement system, a system for issuing solicitations, receiving responses, and issuing notices of award. HlePRO is hosted by the NIC Hawaii and has [many features](#).

Introduction to NAICS

The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

Welcome to the SBA Supplemental Pages

The SBA supports **Small** Businesses

Your firm is eligible to register with the U.S. Small Business Administration's central on-line registry of small businesses, if:

1. It is a small business, as defined below; and
2. It has not been debarred or suspended from furnishing materials, supplies or services to the Federal Government.

NOTICE: The Small Business Act provides severe penalties on parties who knowingly misrepresent their status as a "small business concern" in order to obtain for oneself or another certain Federal contracts or subcontracts. Such penalties include fines of not more than \$500,000 or imprisonment for not more than 10 years, or both; administrative remedies prescribed by the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801-3812); and suspension and debarment as specified in subpart 9.4 of title 48, Code of Federal Regulations (or any successor regulation) (see 15 U.S.C. 645 16(d)). Before submitting this registration, you will be asked to certify that your business is a small business and that you are aware of the penalties for misrepresenting small business status.

Definition of a Small Business

Title 13 of the Code of Federal Regulations, Part 121 states that a small business is one that:

1. Is organized for profit;
2. Has a place of business in the United States;
3. Operates primarily in the United States or makes a significant contribution to the United States economy by paying taxes or using American products, materials, or labor; and
4. Does not exceed the numerical size standard for its industry based on the North American Industry Classification System (NAICS). A table listing the NAICS codes and corresponding size standards is provided at <http://www.sba.gov/size/>.

In determining the size of your business, you must include the employees and receipts of all affiliates, including those of the parent company and all of its affiliates if you are owned by another company. Please refer to <http://www.sba.gov/size/> for more information on the size standards regulations and policies, including the rules on the affiliation of firms.

THIS PAGE NOW CONTAINS ONLY FIELDS NOT BEING COLLECTED BY THE GENERAL SERVICES ADMINISTRATION'S SYSTEM FOR AWARDS MANAGEMENT (SAM). All updates to SAM-collected fields must go through SAM. If you are already registered with the SBA and need to change identification information, NAICS codes or type of firm, for example, you now have to go to SAM to change that information.
